TO: Carolinas AGC Members in North Carolina
FROM: Bill Marshburn, PAC Chair
Berry Jenkins, NC Director, Highway Division
Dave Simpson, NC Director, Building Division
Allen Gray, Director, Utility Division
DATE: January 8, 2009
SUBJECT: Legislative Alert

The upcoming session of the NC General Assembly, which begins January 28, 2009 is guaranteed to tackle issues that will affect the construction industry. There will be a number of important issues for your business that we will need your help on, including infrastructure funding, proposed union legislation, immigration and the environment.

Please list below members of the state House and Senate you know well -- and are willing to contact when needed -- as well as the NC members of Congress. Each individual within your company who has legislative contacts should use a separate form. For a complete list of the NC General Assembly and Congress, go to: http://www.bipac.net/lookup.asp?g=agc\_carolina, select North Carolina, then click on state and federal, then submit.

Please return this completed form to us by January 31, 2009 so that we can get this information into our database. We will also use your contact information for legislative alerts when we need to contact you.

(Please print clearly)

Table with 3 columns: House Members, Senate Members, Congress. Each column has five horizontal lines for text entry.

We also would appreciate any contribution you can make to our NC Construction Industry PAC. Please make checks -- personal only, not corporate -- payable to NCCIPAC and attach to this form.
