

THE Construction Supervisor’s Education and Recognition Program

What Others Are Saying

Bowen Engineering has won (5) Build America Awards. We have achieved some successes that stagger the mind. This comes from employee engagement and productivity improvement. It all started with **Project SuperVISION®**.

Robert L. Bowen - Chairman
Bowen Engineering

Project SuperVISION® Academy

The Academy is a 6-day immersion into the world of Construction Management. The retreat offers the opportunity to acquire the skills required to successfully supervise your company’s most important projects. Curriculum includes: Employee and Project Management, Safety, Scheduling and Cost Control and Project Implementation. The **Project SuperVISION®** Academy is widely acclaimed as the best in-depth program for field supervisors in the U.S.

Register Now!

The Academy is presently offered only 1-time a year in Advance, North Carolina. Because of the thorough nature of the course, seats are limited. For this session, only 24 seats are available. For more information contact Carolyn Milliron or Sandy Grant at Carolinas AGC 704-372-1450.

		
<p>We have sent four superintendents to the Project SuperVISION® Academy with great results. The pay back was immediate in their understanding of their role and techniques learned were worth ten times the cost of the classes. We plan to send additional foreman and superintendents and would highly recommend any Project SuperVISION® courses”.</p> <p>Mike Murphy President Turner Murphy Co., Inc.</p>	<p>“I received so much information that I can directly apply to my jobs including: people management, project scheduling, technical information on plans and specifications. I also learned a lot about myself and how I manage people now.”</p> <p>Tucker Martin Project Engineer TA Loving Co.</p>	<p>“The Harper Corporation has had 17 supervisors participate in the Project SuperVISION® program. We consider the cost required by us and the time required by our associates to be an investment in our people and our future. Owners have regularly complimented the overall professionalism of our onsite construction team. We feel that a major part of this success is due to the Project SuperVISION® program.”</p> <p>Tom Fuduric - VP The Harper Corporation</p>

Project Supervision Academy is a 6-day immersion into the world of Construction Management. Attendees include: Project Managers and Superintendents, Field Personnel and Specialty Contractors. Members are encouraged to promote this program to their entire project teams and may “sponsor” their Sub-Contractors who are *not* CAGC members.
